I OPPOSE THE DRAFT M.Q.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: The specially compounded ^{prescribed for me by a} local physician isn't readily available to me in North Dakota, therefore, I need to obtain it out of state. This medication makes a very large difference in my quality of life & well being. I was shocked to learn of the efforts to limit my choices about where to get
